# A Guide to the Circuit Evaluation Framework

### What is Circuit?

*Circuit* is a four year national programme connecting 15–25 year olds to the arts in galleries and museums working in partnership with the youth and cultural sector. Led by Tate and funded by the Paul Hamlyn Foundation, it provides opportunities for young people to steer their own learning and create cultural activity across art disciplines.

*Circuit* involves Tate Modern, Tate Britain, Tate Liverpool, Tate St.lves and partners from the Plus Tate network: Firstsite, Colchester; MOSTYN, Llandudno; Nottingham Contemporary; Whitworth Art Gallery, Manchester; and Wysing Arts Centre and Kettles Yard, Cambridgeshire.

### Circuit Core Values

- Making a positive difference
- Young people's ownership, agency and authenticity
- Social, cultural and creative diversity
- Responsive and reflective practice

### Circuit Core Aims

1 To make a positive difference with and for young people

2 To improve access and opportunities for harder to reach young people through extending and developing sustainable networks between arts and youth sector
3 To develop and change practice within and across cultural organisations
4 To change attitudes and behaviours towards and about young people

### What does the framework do?

- Outlines evidence that needs to be gathered, relating to all programme aims and objectives
- Indicates dialogue that needs to take place for meaningful reflection, amongst all involved, to nurture a shared and explicit understanding of what is happening in the programme and the effect of the programme
- Shows the different roles involved in evidence gathering and monitoring of the framework

## How to use the framework

In conjunction with the appending documents the framework is a way of checking the evidence that needs to be collected, the timeline and the people involved.

## Key terminology clarification

Aims are the changes you are trying to bring about or the impact you intend the project to have. They are often expressed as:

#### To reduce... — To improve... — To increase...

**Outcomes** demonstrate the impact or the effect the work has had. Outcomes are always a consequence of realising a projects aims.

**Objectives** are the things you do to achieve the aims and therefore often describe the planned project activities. They are often expressed as:

#### To facilitate... — To support... — To stimulate...

**Outputs** are the quantifiable products and data relating to the project. Outputs are always a consequence of objectives being realised.

### The National Evaluation Team

In order to manage and implement the framework, the national evaluation team is on hand to support *Circuit* partners. Key contacts are:

Circuit National Lead – Mark Miller: mark.miller@tate.org.uk

Circuit National Manager - Marina Castledine: marina.castledine@tate.org.uk

Head of Learning Practice and Research - Emily Pringle: emily.pringle@tate.org.uk

Circuit Critical Friend – Roz Hall: drrozhall@googlemail.com

Circuit Evaluator – Angela Diakopoulou: a.diakopoulou@marketlightinsights.co.uk

### 1 To make a positive difference with and for young people

1.1 To generate a programme with and for young people that is of social, emotional and cognitive benefit, which extends the reach of engagement to include young people from a greater diversity of backgrounds and extends and deepens the experience of all the young people engaged

Outcomes	Indicators	Outputs	Evidence	Timeframe	People
Greater diversity in young participants across programmes	Number and profile of young people engaged, including those from harder to reach groups	New entry points for young people into cultural opportunities, including multi-art form approaches	<ol> <li>Audience figures</li> <li>Participant profile questionnaire</li> <li>Participant surveys</li> <li>Focus group data</li> </ol>	1–2 At each young people's event, activity 1–4 At each festival	<i>Circuit Evaluator</i> tools for partners to use at events; additional festival support
<u>}</u>	<u>}</u>	<u>}</u>	•••••	<u>&gt;</u>	<u> </u>
Young people benefit in ways that are social, emotional and cognitive	Evidence of impact on personal, social and educational development of young people	Programmes that provide personal development and progression and build critical knowledge	Data identified and collected via tools developed with young people, including young	Per year: 2x site visits to each gallery/young peoples group 2x national sharing	<i>Critical Friend</i> (site visits, young evaluators) <i>Evaluator</i> (quantitative data). <i>Circuit national</i>
